

(Editors' Note: Dwight often gives out early versions of his papers. I have saved some of these because I like them, because they have helped me.)

**BEING DECEIVED AND CONTROLLED BY THE KINGDOM OF SATAN**

-----  
**BEING BORN INTO AND CONTROLLED BY THE KINGDOM OF GOD**

## **BEING DECEIVED AND CONTROLLED BY THE KINGDOM OF SATAN**

**Satan blocks the light and glory of God from my life.**

**Satan uses my ancestry from Adam and Eve, and the last three to ten generations before I am born to control who I will be when I grow up.**

**When I come alive in the womb, Satan counterfeits the child that God has created me to be by convincing me not to trust God or my parents. Satan then puts in me a little boy or girl spirit, who is a counterfeit of the true child. Familiar spirits then convince me the only way the little boy or girl spirit is going to survive, get love, succeed, and make it through life is to look after itself. At that moment you are born into the Kingdom of Satan as Adam and Eve were in the Garden. You buy the same lie they bought—be your own god!**

**In order to be god, I make a covenant with Antichrist instead of Christ. He and his helpers enter my human spirit. His helpers are false Power and Authority, Pride and Condemnation, and Deception and Delusion. Antichrist has three personalities; I am god, I am savior, & I am a victim. Deception&delusion fill my imagination with false images that are mainly about the future.**

**Familiar spirits in my conscience interpret these false images as trues images to me.**

**These interpreted false images are placed in my memory in order to be confirmed**

**An evil angel from the second heaven manipulates people and circumstances to confirm these images.**

**Antichrist aids this evil angel in finding people and circumstances to confirm these images.**

**These people and circumstances cause more false images in my imagination.**

**People and circumstances confirm to my memory that the false images are true. They are filed in my memory as true. These images are mostly about the past.**

**The familiar spirits in my conscience pull these images from my memory, and flash them onto the screen of my mind.**

**These images trigger fear in my emotions.**

**At the same time, these familiar spirits tell my intellect how I have solved similar circumstances in the past, and encourage me to solve them in a similar way now.**

**My emotions tell my intellect it needs a solution to the fear it is feeling. The intellect searches for a solution you have used in the past, and how you could use it now. At the same time the familiar spirits are still telling you what you should do.**

**The intellect tells the will what it thinks is the best solution right now. The will checks with the emotions to get its reaction and agreement to this solution.**

**The false images being fed to your imagination modify and control the action you will take to solve this circumstance by controlling your lusts. The will checks with the lust demons to see if there is an action in the past that will handle this circumstance.**

**The Antichrist spirit and his helpers are controlling and directing your old man personality to act in line with your particular Antichrist's nature and character.**

**Once the will knows that your intellect, emotion and lust agree, it gives instructions to the evil spirits in your old man personality to carry out the action.**

**The will tells the body to act in line with what has been decided and in line with the particular personality spirits that will work best in the circumstance.**

**I HAVE TAKEN AN ACTION IN LINE WITH THE WILL OF SATAN FOR MY LIFE**

## **BEING BORN INTO AND CONTROLLED BY THE KINGDOM OF GOD**

**God's light and glory fills the second heaven. There is no block between God and me.**

**I receive the righteous ancestry of the Kingdom of God**

**In the womb, Jesus takes his blood and removes the false ancestry, drives out the familiar spirits, annuls the covenant I have made with the little boy or girl, and restores the child spirit to its rightful place in my life. This is done as I choose to trust God, confess Jesus as my Lord. Then, choose to break the covenants I have with the little boy or girl spirit to look after, care for, and succeed for it. I am truly born again into the new person**

**Jesus fills my spirit, and rules and reigns in me. He drives out the spirits of Antichrist/Savior, False power/authority, pride/condemnation, and deception/delusion as I surrender to Him more and more as Lord, Master, and King of my life.**

**Jesus comes into my imagination and fills it with the true images of the Kingdom of God. He drives out false images and stands guard over my imagination.**

**The Holy Spirit resides in my conscience. He takes the true images that Jesus is revealing to me and interprets them for me so I can understand them and how to live in them. The Holy Spirit shuts the mouths of familiar spirits and drives them from my life.**

**Jesus and the Holy Spirit come into my memory/images. Jesus takes His blood and redeems me from all false images from the time I was in my mother's womb until now. The Holy Spirit reveals the true images of the Kingdom of God. Jesus and the Holy Spirit remove the root of bitterness from my life, and pull down the tree of the knowledge of good and evil. They replace the root of bitterness with the root of Love, and out of the root of Love grows the tree of life.**

**God sends His people to me to confirm what He is showing me.**

**Jesus in my spirit reaches out to the people God has sent.**

**These people confirm the true images Jesus is showing me in my spirit.**

**These people confirm the true images the Holy Spirit is showing me in my memory/images**

**The Holy Spirit places true images upon the screen of my mind.**

**These images make me feel love, joy, peace, and hope.**

**The Holy Spirit confirms these images as coming from God and Jesus. It is OK to act.**

**My intellect trusts in, relies on, has understanding, wisdom and knowledge about what the Holy Spirit is telling me to do. He imparts into my intellect the mind that was in Jesus.**

**My will receives instructions from my intellect to obey the Holy Spirit**

**My will confirms with my emotions that it is OK to obey the Holy Spirit**

**The true images in my imagination confirm the true desire of God for my life.**

**My will looks at God's desire for my life and knows this is God's Will.**

**My will instructs my New person to act in line with God's Will.**

**Jesus, in my human spirit confirms, and manifests His nature through my New Person.**

**My body takes action in line with my will and the New person.**

**I HAVE TAKEN AN ACTION IN LINE WITH THE WILL OF GOD AND HIS KINGDOM**
